#### Economic Empowerment

- ❖ Fun(d) Your Dream (grant writing, business plan development)
  - **RTPAC- Business Plan Competition**
- ❖ Hustle Academy (the art of “flipping” money through legal investments)
  - **RTPAC- Investment Club**

Giving Birth To The Dreams Of Our Community

The Dream Center is a long time vision of Pastor Mike. It will be a space that will inspire, inform and empower the dreams of the youth and young adults in Central Harlem, NY. The foundation of the Dream Center programming will focus on the Arts, Education and Economic Empowerment. Each core component will be used to culturally, socially and experientially educate urban youth of the 21<sup>st</sup> century. By making education relevant, we will make it important!

Through this vehicle of cutting edge programming and curriculum, our dream is to see a community of visionary thinkers positioned to impact our community and world in transformative ways. We believe the next revolutionary film producer, abstract artist, social educator and business innovator will matriculate through the doors of the Dream Center!
